

NT: GATEWAY CITY DISCIPLEMAKERS

Location: Aurora, Colorado

Field cost: \$1600 plus round-trip airfare

Trip dates: June 3 – July 31, 2021

Max headcount: 4 (same gender)

Age range: 18-29

Request description

The majestic Rocky Mountains will be your backdrop for ministry this summer. Partner with a local church plant to reach out to members of the community. Sharing the Good News through family events, college outreach, giving gift bags, prayer walking & kids clubs. While some mission trips focus on constructing a physical building for "the church"... your team will focus on evangelism & discipleship to build "the church." Your ministry will include reaching out to the homeless, disenfranchised, immigrants & refugees who are also part of the local population. You will have the opportunity to use your individual gifts & skills (sports, teaching, music, service, etc.) for Kingdom work!

Your first stop will be a joint orientation with other Nehemiah Teams. Learning the skills needed to carry out your assignment as well as team building will fill these first few days. Your team will then travel to your final destination for the summer. Team members will not be allowed to return home over the course of the summer. It is also preferred that family/friends not visit the ministry site. Following your summer of ministry, you will return to the US for a joint debrief... sharing all God has done over the summer. Participants must attend the entire program from orientation through the end of debrief.

Length of assignment: 59 days Assignment includes pre-field and post-field training which is conducted at the Nehemiah Teams Training Center in Mentone, Alabama.

Cultural: Any anticipated cultural issues will be addressed during the pre-field training.

Housing: Team will be staying in a pop-up camper which will be parked at a local church. Team members will have use of the bathroom/shower facilities in the church. Meals will be prepared using a camping stove.

Equipment: A specific packing list will be available online at www.nehemiahteam.com

All team members will be issued a NT duffle bag/backpack which will be their checked piece of luggage.

Other items (sports equipment, materials, etc.) can be packed in a separate piece if needed.

Health conditions: Team members should be in good overall health. Field supervisor should be made aware of pre-existing conditions.

Health restrictions: Members with severe food allergies or food preferences would need to provide additional food budget to cover additional food options. If applicants have ongoing needs or medication management or counseling related to depression, anxiety, PTSD, or sexual abuse, they should consider applying at a later time. Team will follow local health protocols in regard to community health.

Team Structure

Gender preference: Males or females. However, due to housing situation, team must be same gender.

Minimum education: College student

Qualifications: Team of 4 requested. Must be same gender.
