

# Nehemiah Teams Training Center

## Training House Wish List

The Nehemiah Teams Training House will be used to house participants of the Advance Operations Training (AOT) program, a gap-year mission program designed to disciple, develop, and deploy this generation to finish the Great Commission. It will also be used during regular Nehemiah Teams training to house trainers & mentors. In addition to these main purposes, the facility will be available for retreats, small group functions & to house local ministry volunteers. It's our goal to provide a home where trainees/guests can be adequately housed & provided with the resources needed to carry out their planned program.

We ask you to partner with us as we move forward with finishing & furnishing the training house. Please contact us if you have specific questions. We need to order furnishings by the first of March so it will be ready to use by May. Tax deductible donations can be sent to:
